The new licensing method can be used with any Scan2CAD version as well as the Scan2CAD Cloud. In order to use the Scan2CAD Cloud (which can be obtained through the Scan2CAD Mobile application), you will need to have an active licensing subscription to scan2cloud.com. The Scan2CAD Cloud is a complete subscription to Scan2CAD for an annual cost of $129. You must own or have purchased a single Scan2CAD version in order to upgrade your existing license to the Cloud. Existing customers will be able to use the version they already own. We will continue to support the old licensing method. 4. Version 3.2.3 (Feb 29, 2020) FIX: raster operations are now no longer working on Android 6.0. FIX: 2D and 3D shapes can now be created within 3D shapes. NEW: Inbox on the Scan2CAD Desktop NEW: Ability to edit the layer names in the 3D Properties Manager dialog box. NEW: Added support for rectangles that have been rotated 180 degrees on the XY plane.
